SUTHERLAND NSW 2232

Re: Specialists Directory

To whom it may concern:

Sutherland Division of General Practice maintains a directory to assist referrals and communication between GPs and specialists. If you wish to update your details on this online directory please complete the attached template and faxback to Shire GPs on 9545 3522.

You are encouraged to provide details on the type of services you provide and any special interest areas rather than leave this box empty. GPs have commented that this is very useful information to consider when they are referring patients.

In addition, with your permission, we make the directory available via the division's website: www.shiregps.org.au. To enable quick access, the directory will be in the unsecured section of the website therefore available to anyone who visits the site.

Yours sincerely,

Sheena Wilmot (Dr)
Board Member & Secretary

Yvonne Rowling
CEO

ShireGPs

Specialists Directory

09/2010 Template

NAME OF SERVICE /PRACTITIONER
